Term 2, Week 8 Monday June 17th, 2019

Orama Public School has a strategic and planned approach to develop whole school wellbeing processes that support the wellbeing of all students

UNE Discovery Science Day

What an amazing day our UNE Discovery Science Day was. The opportunity to hear from experts about their own fields of study was amazing and it was wonderful to share these experiences with students and teachers from Raleigh and Crossmaglen Public Schools.

Parent Online Payments (POP)

We are now set up to provide Parent Online Payments. POP provides parents with a secure payment facility to deposit into the school's account via a credit or debit card. It gives parent/carers a convenient, alternative and secure means of paying the school for excursions or events. Canteen days cannot be paid this way

(Canteen is a P&C initiative). I will send out specific instructions in the very near future.

Sydney Excursion

A final figure for the 4-6 Sydney Excursion has been calculated. \$513, minus your \$50 deposit. This means that most families have \$463 outstanding. Cati and I will send out invoices and POP instructions ASAP. Please note that this excursion can be paid off in instalments. If meeting these costs is difficult, please contact me.

Student Reporting

We are currently completing our scheduled assessments to inform our future planning and reporting. Teachers spend a lot of time and energy completing these reports. They will be distributed on Thursday July 4th and if you have any questions regarding any of the content of the reports, please see your child's class teacher.

Staff Professional Learning

Leah is attending Professional Learning in Ballina on Monday and Tuesday. The learning is around the Visible Learning pedagogy, an approach that made worldwide impact on education in 2008. Whilst this may seem a while ago many of the principles are timeless. It will be exciting to hear from Leah when she returns.

We hope you have a most fulfilling week!
