Term 3, Week 7 Monday August 31st, 2020

Orama Public School students reflect on the feedback from their teachers to further their outcomes for the future.

School Admin and Support Staff

Last week we recognised the amazing role that Robyn, Nathan, Melissa and Tenille have in our school. These staff members give their best (and a lot of their own time) for our school in helping to manage everything from assets to zone activities. Our school would not be the school it is without them and we sincerely thank them all.

Book Week Dress Up

Dressing and not taking yourself too seriously is always fun! Thursday's Book Week Dress Up was exactly that and what other time do we get a chance to do this, but when we are at school?! We had Moaning Myrtle, Wednesday, a Millionaire, Ninja Kid, Miss Trunchbull, Saucepan Man, Batman (and Robyn!) a witch, a cat, a bunny, a motorbike rider and a few Spidermans. It was a great day that was supported by all of the students. Well done!

Paper Making and Our Space Workshop

Having John McQueen from Cascade EEC visit us during the week was a great opportunity to use our own paper waste and to engage in our unique environment in a deeper manner. Students have begun to create their learning journal and they are observing 'their' space in a variety of forms. The "Our River, Our Future" project will give the students the opportunity to engage in learning in their environment.

Preparing for our new school planning cycle

Over the next few weeks you will receive a phone call asking you three questions. We would like you to use one word to describe each of the following:

- the school
- the teaching
- the learning

We understand that just one word can be difficult but we have learnt that when we use one word to describe something, we are a lot more specific and careful with our word choice. We will be asking the students to do this task as well.

Athletics Carnival

COVID-19 has meant that our usual Athletics carnival is not occurring. However, we are still going to have our own modified form of a carnival. Think of carnival games with an Athletic theme!

Sparky and Shady

Our school understands that to have students who learn as efficiently as possible, their wellbeing needs to be as healthy as possible. To assist our students in this we have invested in

The program comes very highly rated. It will teach our students about their emotions and how to react to these emotions in a healthy and productive manner. Please refer to the information about Sparky and Shady on the additional note and contact me if you require more information.

Another amazing week ahead!

This fortnight's school value: **RESPONSIBILITY**

You are always responsible for how you act, no matter how you feel. Remember, that.

Which one doesn't belong?

Find reasons why each one does not belong, this is harder than it looks!
