Term 2, Week 3 Thursday May 6th, 2021

Orama Public School is learning environment where kindness and empathy is deepened with every learning opportunity.

Leadership Day

Congratulations to our student leaders who joined the other student leaders from the Bellingen/Dorrigo Learning Community at the Leadership Day on Friday at Bonville. All students spoke enthusiastically about the day. They were physically and collaboratively challenged and they began to get to know students from other schools. Congratulations to all students for how they conducted themselves.

NAPLAN

Next week, students in years 3 and 5 will complete the NAPLAN assessments. At Orama PS we use NAPLAN assessments to ensure the results that we see in students match with that of the NAPLAN assessments. These assessments also confirm growth data for students from year 3 to year 5. These assessments are online. As always, if you require additional information about the NAPLAN assessments, please see us.

LS2 News

Witnessing students in LS2 questioning themselves throughout their learning journey is always exciting. Reflecting on their learning is a key outcome in all English and maths

lessons. This means that students are taking control of their own learning journey.

In writing, LS2 are experimenting with tension scenes in their writing. They are building tension with a variety of devices but specifically through using their senses. Take this example: "The dark woods were scary looking", compared to "The woods were cold with a breeze that made my hairs stand on end". You can see which is more interesting to read!

START Days

We are looking forward to our first START Kindergarten day on Friday. Katie has a wonderful program planned. This program is a wonderful opportunity for children that will begin school in 2022 to have a try! If you know of a family that this may apply to please let them know.

Have an amazing week!
