Term 1, Week 7 Thursday March 9, 2023

Orama Public School staff participate in weekly professional development to implement in their classroom practice.

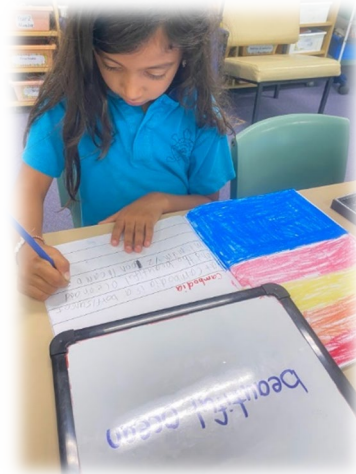

Week 7 News!!

Can you believe we are already in Week 7. Last week we enjoyed cooking and eating cupcakes, so much so we forgot to take photos!!

Don't forget that our P&C is meeting tonight at Thora Store. We are meeting at 5:30pm and I am looking forward to meeting more of our families and working together to support our students. All are welcome.

Learning Space 1

Students have planned, illustrated and published short narratives about their favourite places. Jessica is writing about Cambodia, Fayruz is writing about the farm and Aphmau is writing about home.

Congratulations to Penny, Aphmau and Amelie for learning all of the red level sight words. Learning words by sight allows kids to free up cognitive resources so they can focus on the tougher words that require strong decoding skills.

Learning Space 2

Students in learning space 2 have thoroughly enjoyed using Essential Assessment as part of their mathematics program. They are working on navigating the site to learn specific math topics that are tailored to their individualised learning needs. It has been wonderful seeing many students learning and grasping new skills after they have visited the learning library!!

During PDH, we discussed *The Zones of Regulation* framework. Students will be learning to identify how they are feeling before we start each session. Students learn best when they are in the Green zone. By identifying how our students are feeling will help us best to support them.

Award Winners!!

Congratulations to all our award winners last week.

Attendance Matters

Week 6 Class Attendance – We are aiming for 90% or more!!

LS1	77%
LS2	84%

Darrundang (Thank you)
